

Music - Year 3 - Summer 1 - Jazz— What is Jazz music?

Sticky Knowledge:

- To know the interrelated dimensions of music and how they are used to construct compositions.
- To know how to recognise jazz.
- To know that symbols and notation show music.
- To know how to change the structure of a composition.
- To know what syncopation is.

Jazz is a type of music which was invented in the United States. Jazz music combines African-American music with European music. Jazz first became popular in the 1910s. It is still a popular music to play and hear because of the different styles. Most jazz is very rhythmic, which is called "swing," and uses "blue" notes.
