Glossary:

- Syncopation: A type of musical rhythm in which strong notes are not on the beat.
- Off-beat: The beats between the ones you would naturally clap on.
- Break: a four or eight beat rhythm which is usually played once or twice.
- Samba: is a Brazilian music style which forms a part of everyday life in Brazil. It is used for celebrations, including the Rio Carnival, and even in football. It is a style of music which layers syncopated rhythms on multiple percussion instruments.
