Prompt start at 7.30 would be appreciated. Supervision over eating of certain foods which stain.
After school clubs	<p>What's good? The clubs provided for a range of interests on an academic, social and sporting front.</p> <p>What could be better?</p> <ul style="list-style-type: none">. Different days offered other than a Monday and Tuesday. Clubs that cater for languages, music and drama.
Holiday Provision	<p>What's good? High praise for the provision from the Bugs Group – very reasonable and suitable hours, children are keen and happy to attend.</p> <p>What could be better?</p> <ul style="list-style-type: none">. Mixed age range doesn't always work – possibility of having age range split into key stages so 4 Year olds are not always with 11 year olds.. Feedback to Bugs club about children and therefore parents being put off attending future provision due to behaviour of another attendee.
