

Science - Year 1 - What is special about me?

The 5 Senses

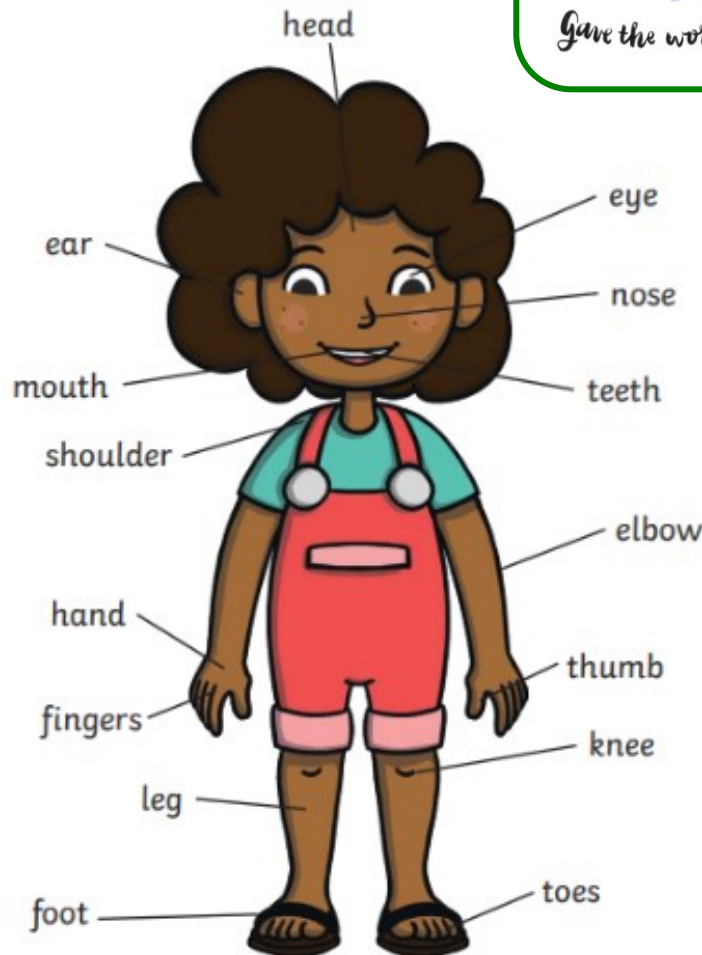

How have I changed over time?

Glossary

Sight	Your eyes let you see all the things around you.
Hearing	Your ears let you listen to all the things around you. Your brain is able to tell what different sounds are.
Touch	Your skin gives you the sense of touch. You can tell if something is warm, cold, smooth or rough without even looking at it!
Taste	Your sense of taste comes from your tongue. You can tell if something tastes bitter or sweet. You might have some tastes you like and some you do not.
Smell	You smell using your nose. Your nose can tell if things smells nice or not nice.

Sticky Knowledge:

- To know the names of human body parts.
- To know the 5 senses and what they do.
